

ARI ZIEGLER (of Ziegler Judaica Art), Great Neck, NY

Ari Ziegler has always been passionate about showing people the beauty inherent in Jewish identity and culture. He's led over 500 young adults on heritage trips to Israel and has inspired them through storytelling, education, mentorship, and of course, through his art. Ari dabbles in mediums from aluminum sculpture to acrylic paint to 3D printed materials and tries to create bold unique pieces. Drawing on his self-taught background in graffiti and abstract art, he lends a modern edge to typical Judaic art, always looking to showcase the beauty imbued within everyday Jewish traditions and the Jewish story at large.
