

CINDY BENDER, Great Neck, NY

I am a resident of Great Neck who has had a lifelong interest in art as a means of self-expression. I have experimented with various mediums, including pen and ink, watercolor, and acrylics; as well as pastels and oils, even combining acrylics with various textures of paper to add interest and depth to my work. My focus is often on landscapes that evoke the sense of joy and peace found in nature. My hope is to interact with the viewer to share that feeling. My work has been shown at juried competitions at the Art Guild of Port Washington, and in local Port Washington shops. My work is also in many private collections.
