

KATHLEEN MCLAUGHLIN, Sag Harbor, NY

Kathleen McLaughlin is a Sag Harbor, NY based artist and educator. A native Long Islander, she has lived and worked on the East End for over 45 years.

An avid gardener, her work is inspired by nature and the cycle of life. She invites the viewer to look at the natural world with a more intimate eye. Her recent exploration of the solar etching process has been an exciting way to approach her subject.

Kathleen has exhibited on the East End and at the Gold Coast Arts Center, in an exhibit entitled Solar Impressions, works created using the solar etching process. Kathleen was an award winner in Solar Impressions, a juried show at the Southampton Cultural Center.
