

## STUART RABECK, Great Neck, NY

Stuart Rabeck began working with clay in the late 1970s but did not get serious about his work as a ceramic artist until after retiring from the plastics industry in the early 2000s. His work has been evolving in various directions and all of his pieces are truly one of a kind.

Stuart Rabeck's ceramic collection can be viewed at Gold Coast Arts Center. Please call 516.829.2570 to make an appointment.
